SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization and Nature of Business

KPG Capital Partners, LLC (the "LLC") was formed on December 16, 2011 as a Delaware limited liability company and is solely owned by Ken Gettinger individually. The LLC began operations as a broker dealer on March 27, 2013 as a member of the Financial Industry Regulatory Authority, and is exempt from the requirements of rule 15c3-3 of the Securities and Exchange Commission (the "SEC") since the LLC does not take custody of any customer funds or securities. The LLC's primary business activity is to raise capital and receive management and/or incentive fees based on capital raised.

2. Significant Accounting Policies

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenue is recognized when earned, while expenses and losses are recognized when incurred.

Cash and cash equivalents - The LLC considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of funds maintained in checking and money market accounts held at financial institutions.

The LLC's cash and cash equivalents are held principally at one financial institution and at times may exceed federally insured limits. The LLC has placed these funds in a high quality institution in order to minimize risk relating to exceeding insured limits.

Revenue recognition - The LLC earns management fees based on a percentage of capital introduced to its customers, as well as incentive fees based on performance of the capital invested into the customers. Revenues are recorded on the accrual basis.

Income taxes - The LLC is treated as a disregarded entity and has no federal and state tax liabilities. Any liability on profits is reported on the personal tax return of the sole member.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The tax years since inception remain open to examination by the major taxing jurisdictions to which the LLC is subject.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

3. Commitments

Office Space: The LLC leases its office space under a lease which will expire November 30, 2015, with two renewal options of three years subject to 3% annual increases. The future minimum rental commitment through termination is:

Year	<u>Amount</u>
2016	10,000

4. Net Capital Requirements

The LLC is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At June 30, 2015, the LLC had net capital of \$80,104 which was \$75,104 in excess of its required net capital of \$5,000. The LLC's ratio of aggregate indebtedness to net capital was 36%.

5. Indemnifications

In the normal course of its business, the LLC indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the LLC. The maximum potential amount of future payments that the LLC could be required to make under these indemnifications cannot be estimated. However, the LLC believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The LLC provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The LLC may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the LLC could be required to make under these indemnifications cannot be estimated. However, the LLC believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

6. Subsequent Events

The LLC has evaluated all subsequent events from the date of the balance sheet through August 10, 2015, which represents the date these financial statements are available to be issued. There were no events or transactions occurring during the subsequent event reporting period which require recognition or disclosure in the financial statements.
